

E-Learning Is Here. Computronix Has It.

“Effective, Self Paced, E-Learning”

Computronix is pleased to offer its second e-learning course, Introduction to SQL. The Introduction to SQL course is an excellent companion to our Introduction Infomaker® and POSSE® Report writing e-learning course, focusing on helping you understand basic SQL concepts that can be quickly integrated into your report writing tasks. If you want to improve your report writing ability, then this course is for you.
