

REGULATORY REPORTING

AT A GLANCE

- ✓ Configure report types against license types to be created on a monthly/yearly basis or to allow ad-hoc submission.
- ✓ Excise tax can be calculated using quantities reported by licensees.

Excise Tax Calculations

The POSSE ABC Regulatory Reporting module enables licensees to submit ad hoc, monthly, quarterly, and annual filings, including excise tax submissions, based on configurable business rules.

Internal and External Report Review

Review internal and externally submitted reports prior to finalization using the same Checklist and Letters functionality as other processes.

Easy Report Creation

Create reports specific to a licensee or license type, report type, product grouping or product quantity.

Online Report Submission

Reports can be filed internally by staff and online by licensees.

Data Analysis

Analyze the manufacture, packaging, distribution, and/or sales of various products from pertinent timely report data.
